

Tomajazz recupera: Scott DuBois: 21st century guitar

Enrique Farelo: How long do you spend playing daily?

Scott Dubois: It depends on the day but anywhere from 2 hours – 8 hours. It depends on if I have rehearsals and gigs as to how much is just practicing. I try to practice at least 1 – 3 hours per day but I usually end up playing (with rehearsals, sessions and performances) about 7 or 8 hours per day.
