Arturo Mora: Chuck, in the last two years you've done the *Presence* album and the new *Between 2 Worlds* CD under your own name, you have also recorded Metro's *Express*, produced Spyro Gyra and toured with the Metro Special Edition and with the Reunion band. When do you sleep?

Chuck Loeb: [laughs] Thank God I'm very busy and have a lot of things going on, which is really great. I'm kind of a workaholic, as I think Mitch is also, so I like to be busy and have a lot of things to do. Maybe that's going to end soon, and I'll start to take it more easy, you know.
